Independently Published, United States, 2019. Paperback. Condition: New. Language: English. Brand new Book. KIRKUS REVIEW (February 7, 2019) This urban fantasy's got a quick wit and a thick mood. Cole's noir fantasy sees an assassin turn against those who pay him while he prepares for the ultimate revenge. In Old Detroit City, Diego Valerius Vega kills criminals. The city's evil Masterminds pay him well to take "unwanted garbage off the street." His rage traces back to a campground in Montana when, at age 9, he witnessed his mother's violent death at the hands of the one currently known as his Arch Nemesis. Within a week, the end of a 20-year cycle will reopen the Rift and return this Monster to the campground. Diego has been living only to avenge his mother, but according to junkie Billy Gums, something's happened to Bess Smith, a prostitute Diego has sworn to protect. Billy eventually reveals that Bess had been working a Supervillain's private party when things got rough. Diego and his partner, Berny Duende, check the girl's apartment to no avail. The heroes pay one of her neighbors, the keen-eared Eleanor, to call if Bess returns. Then they head to a strip club run by Frannie, the woman who took in Diego after his mother's murder. The crime fighters learn that Oliver Brighton (of the infamous Brighton boys) and his gang pummeled Bess. Diego hopes to find Bess and settle up with Oliver before his showdown with his Arch Nemesis in Montana. Fortunately, the duo has unusual skills. Diego can shape-shift and Berny has visions prompted by certain smells, but neither anticipates the tempest fate has in store. Though Cole's (The Burden of Memory, 2016, etc.) latest may seem like a straightforward urban fantasy, it dives deeper into the characters' psychologies than readers may expect. Berny,...
