

An Enquiry Concerning Human Understanding, 2nd Edition (Paperback)

Filesize: 7.54 MB

Reviews

A high quality pdf as well as the typeface applied was exciting to see. It really is written in simple words and phrases rather than difficult to understand. You will not really feel monotony at any time of your time (that's what catalogs are for relating to in the event you question me).

(Robyn Nolan)

Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The second edition of Hume s excellent account regarding human nature and mental functioning is published here complete and inclusive of the author s original notes. Often referred to by scholars as simply The Enquiry , this work is notable for setting forth a number of the concepts which would come to define David Hume s contribution to empirical philosophy. Although it sold poorly at the time of first publication in 1748, the text enjoyed greater recognition following Hume s death as his ideas became increasingly appreciated in academic circles. An Enquiry Concerning Human Understanding has an intuitive layout: it commences with an introduction to the philosophic matters at hand, then Hume delves incrementally into his beliefs on the nature of the human being. The ways in which people mentally formulate ideas occupies a large tract of the work, while the process of learning, assimilating and memorising information is also discussed. Later chapters focus on abstract topics, including the relation of probability to human activity, the inter-relatedness of individual ideas, and the merits of societal liberty in allowing man to exert his free will. Comparisons of human perception and behaviour with members of the animal kingdom, together with an examination of human testimony in the context of miraculous circumstances. Today, this work by Hume is considered a classic of Enlightenment era philosophy, and remains a required text in many university courses.
