Reviews

Comprehensive guide! Its this type of very good read through. It is actually writter in simple words and phrases rather than difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

University of Minnesota Press, United States, 1998. Paperback. Condition: New. Reprint. Language: English. Brand new Book. In 1954, Helen Hoover and her husband Adrian left their careers and the big-city life of Chicago to move to a small cabin in the north woods that border Minnesota and Canada. Living without electricity, telephone, or a car, the Hoovers became part of the environment, peacefully coexisting with their wild neighbors. The Long-Shadowed Forest is the amazing record of the Hoovers' relationship with deer, mice, birds, squirrels, moose, and other creatures of the forest. The Long-Shadowed Forest, illustrated throughout with Adrian's charming line drawings, is a welcome treat for Helen Hoover fans and will be compelling reading for nature lovers everywhere.
