By L. Bostock, D. A. Lee, S. Chandler

Oxford University Press, United Kingdom, 2016. Mixed media product. Condition: New. Language: English. Brand new Book. The Nelson Mathematics for Cambridge International AS & A Level series is tailored to the needs of A and AS Level students of the latest 9709 syllabus. Developed by a team of experienced examiners and international authors, it provides comprehensive coverage for this syllabus and effective preparation for the Cambridge exams. Nelson Mechanics 2 for Cambridge International A Level is for students taking the M2 exam paper. The text provides introductions to topics and step-by-step worked examples to aid students in their understanding of the course material. Other features include: learning objectives, letting students know what they need to learn in each topic; summaries of formulae and key information, helping students to revise; clear diagrams, helping to explain difficult concepts, and plenty of examples, strengthening students' understanding. In addition, practice exam papers provide students with opportunities for effective exam preparation and so help them reach their full potential.
