We have such great potential that it is often astounding when you think about it. Look around you, everything we have is due to someone's mind. Despite this, the mind itself is not programmed to maximize our happiness. It is a repetition loving mechanism and will often keep us stuck in old outdated patterns that may not serve us. These patterns often pass on from generation to generation and no one ever questions them. In the Code of the Extraordinary Mind, Vishen Lakhiani teaches us how to break through this outdated and generationally acquired programming to achieve the life we have always wanted. Enjoy!.
